

Published on *Marine Ecosystems and Management (MEAM)* (<https://meam.openchannels.org>)

Looking for marine planning and management tools?

The Skimmer's new Tools page is now fully operational, and you can use it to find information on tools that deal with:

- [Ecosystem service assessment](#)
- [Climate change assessment and planning](#)
- [Fisheries management](#)
- [Marine spatial planning](#)
- [Monitoring](#)
- [Stakeholder engagement](#)
- [And more.](#)

The [new Tools page](#) pulls together journal articles, reports, MEAM/Skimmer articles, and other resources that provide information about a range of tools for these and other marine management and conservation tasks. Please let us know what you think!
